## THE SITUATION.

Fisk University, by the generosity of its friends (notably the American Missionary Association), has excellent facilities for work in its "plant." Owing to its international reputation, the choicest of the young colored people of the South apply for admission beyond its capacity to receive them. Its alumni are employed along the lines in which they have been educated, almost without exception. It has only the meager beginning of an endowment. Not a single professor's or instructor's chair is endowed. Until endowment is received, money must be raised each year for current expenses.

\$1,000.00 would endow a Scholarship.

10,000.00 would endow an Instructor's chair.

30,000.00 would endow a Professor's chair.

100,000.00 would endow a Department.

500,000.00 would endow the University as now conducted.

## ATLANTA UNIVERSITY, Atlanta, Ga.

REV. HORACE BUMSTEAD, D.D., PRESIDENT

---

*WITHOUT the higher education of selected Negroes in the South, the public schools for Negro children would be deprived of their most efficient teachers ; the Negro families of the South would be without their most inspiring examples of a true home life ; the Negro churches would lose their most helpful pastors and laymen, and Negro communities their wisest and most reliable leaders and guides in the development of good citizenship. In all these lines of work and influence for good, the graduates of Atlanta University have had a wonderful record of success.*

---

Has not the time fully come when an institution doing such work as this so successfully as it has for the past thirty-seven years, should have more than the pitiful sum of about \$60,000 of endowment now on hand, when it needs to-day the income of \$1,000,000, and is obliged to solicit this income from annual donors with much labor and expense ? Bequests in wills should be made payable to "The Trustees of the Atlanta University," in Atlanta, Ga., and attested by three witnesses.

# THE ANGELUS PIANO .: PLAYER

THE ANGELUS does all that any other piano-player can do—and more, because it gives possibilities for individual expression, phrasing and emphasizing, unknown to any of its imitators. The ANGELUS is the pioneer piano-player, and has been constantly developed during the past eight years to its present point of superiority. It has always been foremost. To-day it is pre-eminent. No other piano-player enables the performer so perfectly to imitate hand-playing effects; no other permits of such exquisite tone shading. Why? Because no other has such simple and convenient yet complete expression devices. These include the melody buttons and the famous Phrasing Lever. To buy a piano-player without seeing and hearing the ANGELUS is to lay up dissatisfaction against the day when you must inevitably learn of the infinite superiority of the ANGELUS over all other piano-playing devices. To be without an ANGELUS, when you have a piano, is to rob the home of what might be its greatest delight.

NOTES.

---

"Every church and every minister upon the rolls of the denomination" is entitled to share in the distribution of the YEAR-BOOK. For this very practical purpose, "the rolls of the denomination" must be assumed to be the tables and list of the YEAR-BOOK, and the claim of any church or minister to receive it, errors excepted, does not arise until such church is found in the YEAR-BOOK's tables, or such minister's name is enrolled and printed in its "List of Congregational Ministers," here reported and printed. To purchasers, the price is \$1.00; or, in cloth, \$1.25. Those entitled to receive it who prefer a cloth binding can have it in that form by sending 30 cents to

REV. ASHER ANDERSON,  
614 CONGREGATIONAL HOUSE,  
BOSTON, MASS.,

to whom all correspondence relating to the YEAR-BOOK should be addressed, NOT to the Publishing Society. It is not safe nor sufficient to say "Congregational House" only, as it has many rooms and occupants.

A pastor who has resigned his active service does not lose his claim to the YEAR-BOOK. It is due to "every minister upon the roll." A church is not entitled to two copies, one for itself and one for its minister, as is often assumed; but to its one copy. The roll is new every year, and a minister's name has no place on it simply because it was in the *last* YEAR-BOOK. It is to be reported each year, either by the church he is serving or by the conference or association of which he is a member, and which is responsible to the churches for record and report of his good standing.

INTRODUCTION.

---

The YEAR-BOOK welcomes to its pages the Woman's Boards, the Woman's Federation in Home Missions and the Boston Seaman's Friend Society. A page has been added giving a summary of the churches in our fellowship of different nationalities. World-wide Congregationalism, omitted last year, will be found repeated in this issue. All of this is in line with the purpose to make the YEAR-BOOK a manual for the ministers and churches of our order.

We are frank enough to say that the churches will receive in this issue the most complete YEAR-BOOK yet published. The balances are exact. Every item of information approximates a correctness the nearest possible.

The issue is very late. Six weeks are required from the receipt of the last state schedule for publication. State Secretaries complain about the indifference of church clerks. The difficulty will not be remedied until a time limit shall have been set, beyond which reports from churches will not be received. A few omissions will indicate who is responsible, when churches will demand that their clerks cease to consult their own convenience. It may come within the province of local and state bodies to take care of this matter.

The editor makes an earnest request to friends and to the secretaries of the State bodies for prompt information of the death of Congregational ministers, and for full and exact information on the model of the sketches above given. Obituary and eulogy beyond simple facts it is impossible to use here. Clergymen are requested to send to the editor for blanks which they may fill and return to be put on file. Accurate biographies will be thus secured.

#### OBJECTS.

To maintain, in the city of Boston, a CONGREGATIONAL HOUSE; to care for and perpetuate a library of books, pamphlets, and manuscripts, and a collection of portraits and relics of the past; and to do whatever else — within the limits of its charter — shall serve to illustrate Congregational History and promote the general interests of the Congregational churches.

#### FINANCIAL.

During the year, the debt on the Congregational House has been reduced by \$9,000, bringing it down to \$167,000. It is a matter for wonder that our Association is almost always left out of the scope of testamentary bequests. Surely, there could not be a more stable and permanent investment, or one that should more commend itself to those who have the best interests of Congregationalism at heart, than a legacy whose income would be a perpetual endowment for each and all of our missionary societies. In August, 1907, the mortgage on the Congregational House falls due, and although the property is worth several times the amount of the mortgage, it would be far more productive for Christian work if it could be used more fully for the purposes of the Association. Every contributor to our missionary societies is directly interested in the cancellation of this debt. The Association exists for the benefit of these societies, and of the Congregational Library. The average annual rental of the Congregational House, after deducting fixed charges, amounts to about \$10,500; the interest on the mortgage is about \$6,500; if the debt were paid, the appropriations to all the missionary societies could be largely increased, without diminishing the appropriation to the Library.

Now, suppose that a number of bequests amounting to \$175,000 were distributed among the different benevolent enterprises that center in the Congregational House. The total result, at four per cent interest, would be an annual gift of \$7,000 to these causes.

Suppose, on the other hand, that this \$175,000 was devoted to wiping out the debt on the House; which it would do, with \$8,000 to spare. The present surplus of \$10,500 would be increased by the interest on the mortgage, namely, \$6,500, and the whole \$17,000 would be available for the missionary work of our churches; \$17,000 annually, instead of \$7,000. It is clear, then, that the same amount of money, whether bequeathed or given directly, will go much further for Congregational work when invested in the Congregational House; not to urge the greater security of the investment.

#### THE LIBRARY.

How can the inertia of church clerks be overcome? We are constantly urging these officials to send the Library two copies of the latest manuals, histories, etc., of their respective churches; but few respond, and a mortifying gap exists at this point. Perhaps the many fail to understand that this material becomes more valuable as the years pass.

The American Board is the only national society through which the Congregationalists of the United States prosecute their work in foreign lands. It is now in the ninety-sixth year of its existence, having been organized in 1810. It carries on work in twenty different missions and is supporting 578 missionaries, male and female, sent from America. Of these, 178 are ordained men and 188 are unmarried women. Under the charge of these American missionaries, and heartily co-operating with them, are no less than 4,100 native laborers, — pastors, unordained preachers, catechists, teachers, Bible women, etc. This native agency is increasing rapidly each year, and one of the most important duties of the missionaries on the field is the training of these Christian disciples, on the ground that they may become a Christian force for the evangelization of their own people.

The Board in its missions prosecutes work in evangelistic, educational, literary, and industrial lines, combining what is done by several national benevolent societies in our own land, and besides these departments it has a medical department which is by no means insignificant in dimensions or influence. Forty-three of its missionaries are physicians, treating not less than 250,000 patients annually, in hospitals, dispensaries or private homes, and everywhere presenting the gospel of Jesus Christ to those to whose bodily infirmities they minister.

The evangelistic work is carried on in 615 churches for the 66,293 members, and the success of this evangelistic work is evidenced by the addition of 6,464 communicants during the past year. In educational lines there are 14 colleges, 130 high and boarding schools, having over 10,000 students, while, including the common schools, the whole number under instruction is 66,049. In the literary department the work of translation is being carried forward vigorously, the Bible is being brought to the people in their vernacular, and a Christian literature is provided in a great number of languages.

In the industrial schools students are helped to help themselves, and training is given to hand and eye as well as head and heart, so that the graduates from the schools shall be fitted for Christian manhood and womanhood.

One of the striking facts connected with this missionary work is that the native converts in the mission churches have, out of their poverty, contributed the last year no less than \$198,792 for Christian and educational objects. When the average wage of a man in these countries does not exceed twenty cents a day the self-sacrificing devotion of these converts is apparent.

The receipts of the Board for the past year amounted to \$752,149.75; a sum quite insufficient to cover the cost of the missions conducted on the present scale. For the present year the Prudential Committee has sought to reduce appropriations to the lowest possible point. Many economies have been introduced. But the question remains, — Shall the Board be compelled to cut down the number of its stations, or even of its missions? This must be done unless receipts can be increased. In this year of the centennial anniversary of the Haystack Prayer Meeting at Williamstown, shall not the churches say, in God's strength, as the young men of the haystack said, "We can, if we will"?

There are sections in the West solidly foreign. New England has an increasing foreign population. While the children of newcomers eagerly learn the English language, their parents will probably be satisfied to speak their mother tongue. The graduates from the foreign departments at Chicago and Revere, Mass., are able to preach in both English and the mother tongue.

AMERICAN INTERNATIONAL, Springfield, Mass.

During the last ten centuries Christian universities and colleges have trained the great leaders in human progress. Wise, far-seeing, and unselfish leaders are now needed more than ever. The problems and perplexities of our national progress will increase rather than diminish.

Educated Christianity is the hope of the world, and the reign of Christ over human thought must result mainly from Christian institutions.

Many states in the West and South make no provision in their statutes for high schools in the rural districts, so that there are large sections of our country, embracing in some localities several counties with thousands of settlers widely distributed, without any schools of lower grade.

Our Christian academies prepare teachers for public schools and young people for college, and afford liberal culture to many others who go forth as Christians to be the seed and strength of home missionary churches.

**REASONS.** — Recent investigations of Mormon leaders by Congress have made Mormonism increasingly aggressive. Its missionaries are active in this country and abroad. There are nine Mormon conferences on the Atlantic coast from Maine to Virginia. The leaders have a distinct political aim to gain firmer hold in national affairs in order to further the interest of their church and gain larger liberty for their irreligious practices. Mormon church influence controls the public schools in Utah.

#### STUDENT AID.

Money to the amount of \$50 per annum is loaned or granted to meritorious and needy young men studying for the Christian ministry. Competent committees at seminaries and colleges examine each applicant and give estimates of his worth. One hundred and seventy-five men are being aided this year.

The HOME MISSIONARY, a magazine published by the Society since 1828, is now issued monthly at fifty cents a year, including postage. It gives a running account of the progress of the work in all parts of the country, largely from the pens of

the superintendents and missionaries personally engaged in it. In *CONGREGATIONAL WORK*, the monthly organ of the Six Congregational Societies, the pages allotted to Home Missions keep their readers in constant touch with the workers in all parts of the wide field and present the freshest intelligence therefrom. The price is only ten cents a year. An ANNUAL REPORT sums up the results of each year. Leaflets and Tracts for the times are published as occasion calls and funds allow, designed to help pastors, Sunday-school officers, and friends of home missions generally, in awakening and keeping alive an intelligent, practical, growing interest in the work. These may be had, free of charge, at any time, by addressing the officers of the Society at its rooms, Fourth Ave. and 22d St., New York.

For eighty years the Society has been organizing churches in the West and South, and aiding in the support of their ministers till those churches are able to assume the whole expense. Its missionaries have from the first organized Sunday schools, provided proper teachers for them, and by watchful oversight have secured their permanence and growth into churches.

In connection with the labor of its missionaries, 6,991 churches (*a*) have been organized and 3,283 have come to self-support. It has collected and disbursed in cash \$22,414,855; and in clothing, books, and other supplies, largely the offerings of Christian women, \$2,661,156; in all, \$25,076,011. The additions to the churches have been 522,630.

The number of missionaries employed in its seventy-ninth year (1904-1905) was 1,742; 1,219 of them in states and territories west and south of the Middle States. They preached regularly in 2,302 stations, and at frequent intervals in many hundreds more. The number of Sunday-school and Bible-class scholars was 122,719. The additions to the churches were 6,618; 4,180 of them on confession of Christ. Churches organized, 51; reached self-support, 40.

The seventy-ninth year's receipts were, in cash, \$476,760.54; in supplies, \$30,000; in all, \$506,760.54.

In 1883, a Woman's Department was opened. Its object is to interest the women of our churches all over the country, and through them the children, more directly in the work; not to the diminishing of their helpful labor in the way of home missionary boxes (of clothing, etc.), but to secure also their gifts of money for the support of missionaries all over the country, and for various special uses, as called for from time to time. Their aid in this line is steadily growing, but much more is needed.

The Society is doing much more work than ever before among the foreign-born in all parts of the country. At nearly every meeting the Executive Committee is urged, too often in vain for lack of means, to appoint chosen men for new fields at the front, where they are greatly needed, but where their support involves heavy outlay by the Society. For securing the means essential to the carrying on of this great work the Society depends, under God, on the zealous co-operation of the pastors and members of the Congregational churches of the land. At least \$100,000 more than last year's receipts are required to carry on this work, besides an equal advance to meet indebtedness for work already done.

## FIELD

extends from the Atlantic to the Pacific, and from Porto Rico to Alaska. It includes, in the South, the Negroes and the Whites, especially those in the mountains; in the West the Indians; on the Pacific Coast and in the Hawaiian Islands the Chinese and Japanese; in Alaska the Eskimos; and in Porto Rico those of different races. Through its pupils it is reaching into Africa, China, Japan, Mexico, and Cuba.

## PURPOSE AND METHOD

The American Missionary Association is training a leadership from among these different races. This involves an

## INDUSTRIAL LEADERSHIP.

To accomplish this the Association introduced, years ago, industrial training. Nearly every school furnishes this department of instruction. An Industrial Leadership is thus trained from among these people. It is not simply to instruct the few in handicraft, or to teach them a trade, but to give to the many, competent instructors of their own race, who shall lead them into better industrial activity and prepare them for economic development.

## AN INTELLECTUAL LEADERSHIP

for these races is equally essential. This is also provided by the A. M. A. Normal institutes and academies, in which the best methods of modern teaching are pursued, are planted among these peoples, and hundreds of teachers are trained for the public schools. This training of teachers is of supreme importance in the elevation of these races.

Intellectual Leadership is also furnished through the colleges and higher institutions. No race can be lifted up by means of industrial training alone. The larger development of intellectual life is essential to secure to any race influence and power. This the Association recognizes and provides for.

## THE MORAL AND RELIGIOUS LEADERSHIP

of these peoples is also provided. Departments of biblical and theological instruction, in which ministers and missionaries are trained for the service of their own people, are provided by the Association. Character building is necessary. Religious life must be sustained. High ethical and moral standards must be established. These great necessities can be met only by a well-trained moral and religious leadership from among these peoples whose high characters shall appeal to that which is best in the race and furnish an object lesson.

Among the many different races reached by the work of the Association, a leadership is being trained from the people who represent these conditions of preparation and character.

## EDUCATIONAL WORK

Includes universities, colleges, academies, normal schools, industrial schools and departments, and primary schools. Among its institutions are the following: Fisk University, Tennessee; Straight University, Louisiana; Talladega College, Alabama; Touлагoo University, Mississippi; Tillotson College, Texas; Piedmont College and Atlanta Theological Seminary, Georgia; Avery Institute, South Carolina; Le Moyne Institute, Tennessee; Ballard Normal School, Georgia, and many others. Mountain schools: Highland Normal College and Black Mountain Academy, Kentucky; Grand View Institute and Pleasant Hill Academy, Tennessee; Saluda Seminary, North Carolina; Green Academy, Alabama. Indian schools: Santee Normal and Training School, Nebraska; Blanche Kellogg Institute, Porto Rico. Ninety-five normal, industrial, graded, and primary schools.

## CHURCH WORK

is a missionary service almost entirely among the very poor. In the Indian fields it is having wonderful growth. In the Chinese fields, many pagans have come

into the Christian life. In the Southern mountains the churches have been a large influence in the life of the people and the Congregational church policy is being developed. In the Southern lowlands, also, there is a remarkable movement among the colored people towards free and pure churches.

#### MAGAZINE.

*The American Missionary* is published monthly, except July and August. New form, fresh material, and generous illustrations characterize it for 1906. Pastors of contributing churches, superintendents of Sabbath schools, College and Theological Libraries, and Societies of Inquiry on Missions will receive the *Missionary* upon application if so desired. Subscription is fifty cents per year.

## THE NATIONAL COUNCIL MINISTERIAL RELIEF FUND.

A Fund "for the relief of disabled ministers and the widows or orphans of deceased ministers," under the care of the Trustees of the National Council.

The basis of claim to relief is "character and extent of service," and the determining conditions are "age, extent of disability and degree of need."

Only the income from the Permanent Fund may be used for beneficiaries. This is supplemented from the current receipts from churches and individuals, while all legacies not otherwise designated, and all gifts so designated, are added to the Permanent Fund.

The original idea was to create a Permanent Fund, only using the income in grants. The National Council, Portland, Me., 1901, instructed the Trustees, in building up the Permanent Fund, "not to neglect the present needs." Hence the policy now is, first, to meet the present needs of the aged ministers, and second, to increase the Permanent Fund as rapidly as possible.

The receipts from all sources, from the first gift in March, 1887, to the close of the last fiscal year, July 31, 1905, were \$280,699.71. The receipts in 1905 were \$26,511.62.

The Council at Des Moines "urges all ministers and churches identified with the National Council to enter into hearty co-operation with the Trustees, to the end that the claims of this cause may be duly recognized by all, in all parts of the land."

The Trustees appeal

1. For an annual offering from each church.
2. For annual subscriptions to the Permanent Fund, from ministers during their earning period.
3. For special gifts and bequests from individuals.

## FORM OF BEQUEST.

*I give to the "Trustees of the National Council of the Congregational Churches of the United States" ..... Dollars, to be used for the purpose of Ministerial Relief.*

**NATIONAL FEDERATION OF WOMAN'S CONGREGATIONAL STATE HOME MISSIONARY ORGANIZATIONS.**

*President.* — Mrs. B. W. FIRMAN, 1012 Iowa Street, Oak Park, Ill.

*Vice-Presidents.* — Mrs. JAMES L. HILL, Salem, Mass.; Mrs. F. EGGERT, Portland, Ore.; Mrs. S. F. GALE, Jacksonville, Fla.

*Secretary.* — Miss ANNIE A. MCFARLAND, 196 North Main Street, Concord, N. H.

*Treasurer.* — Mrs. H. A. FLINT, 604 Willis Avenue, Syracuse, N. Y.

For many years there have been companies of patriotic Christian women in the Congregational churches in our country, who have spent time and thought and money in helping to carry on the work of Home Missions, in all its departments. During recent years some of these local societies have been formed into state organizations, and later still these state societies have appointed a rotary Advisory Committee to prepare and conduct a joint annual conference to be held in connection with the meeting of the Congregational Home Missionary Society. Representative women have wished for a closer and more permanent national organization, and at the conference held in connection with the National Council at Des Moines, Ia., October 13 to 20, 1904, after full discussion of the question, the women present, having been delegated to the consideration of this important matter, voted favoring such a Federation. The committee to which this matter was referred, reported at the gathering of women held in connection with the annual meeting of the Congregational Home Missionary Society in Springfield, Mass., May 31, 1905. The Federation was there formally organized, being the first national organization which has ever existed among Congregational women. The constitution adopted was as follows:

**OBJECT.** — Its object shall be the unification of all state organizations of women that labor in any corporate way for the advancement of home missionary work in connection with Congregational churches.

**MEMBERSHIP.** — All state organizations of women connected with Congregational churches, seeking to promote woman's missionary work in our country and its newly allied territories, shall be eligible to membership in this Federation.

**MEETING.** — An annual meeting shall be held in connection with the gathering of the Congregational Home Missionary Society, inasmuch as other of the national societies hold affiliated meetings in connection with this gathering.

**FINANCE.** — The annual dues of each federated state organization shall be two dollars. An offering shall be taken at the public mass meeting of the Federation. Gifts may be received at any time. These funds shall be devoted to the expenses of the organization.

The Federation has already proved itself worthy of being, — it having brought about a fellowship and a mutual helpfulness between the states, which would be impossible were there not a central organization. Each state continues independent as to its plan of work, treasury, etc. Among the advantages to Congregationalism are that federation gives us centralization in our home missionary activities, — a necessary factor in coming in contact with other denominational bodies. It will also tend toward stimulating the gifts of the women of our country to home missions. The officers are glad of every opportunity possible to be of help in any way, any where.

The first annual meeting will be held in Oak Park, Ill., May 8, 1906.

## THE WOMAN'S BOARDS OF MISSIONS.

The three Woman's Boards are corporate bodies, chartered under the statutes of Massachusetts, Illinois and California, respectively. Each co-operates with the American Board and assumes the support of a part of the work under the care of the American Board. They collect money through Branches, Auxiliaries and Mission Circles, and support missionaries as teachers, evangelists, doctors and nurses. Their missionaries receive appointment from the Prudential Committee of the American Board, and are enrolled as its missionaries. Although the funds of the Boards are forwarded to the mission field through the treasury of the American Board, all the money has been previously designated by the woman's boards, each of which has its specific work to be supported out of its own funds. The women, girls and children of the churches are the constituency upon whom rests the responsibility of providing these funds. The organ of the three Boards is *Life and Light for Woman*, published in Boston. These Boards also co-operate with the American Board in publishing the *Mission Dayspring*, for children.

## BOSTON SEAMAN'S FRIEND SOCIETY.

Office: Room 601, Congregational House, Boston.

ORGANIZED in 1827 by a body of Congregational ministers and laymen in Dr. Lyman Beecher's church, the basement of which was at that time the home of the American Board. Incorporated in 1829.

*President.* — Rev. ALEX. MCKENZIE, D.D. *Secretary.* — CHARLES F. STRATTON. *Vice-President.* — SAMUEL USHER. *Treasurer.* — GEORGE GOULD.

*Board of Managers.* — The officers above named and Luke W. Fowle, Charles W. Wrightington, William A. Paine, Alpine McLean, Franklin P. Shumway, Francis Y. Ward, Rev. Robert McFadden, Edward B. Wilder.

*Corresponding Secretary.* — Rev. CYRUS P. OSBORNE.

*Object.* — This Society is devoted to the material, moral and spiritual welfare of seamen. It aims to promote temperance, thrift, morality and religion among a class of men whose privations and hardships, temptations and perils are extreme, and who at the same time respond to helpful moral and religious influences more readily than any other class of men. It also undertakes to relieve the wants of these men when shipwrecked and destitute.

*Scope.* — This work is not local. It has to be done where seamen are, at large commercial centers like Boston, or on great thoroughfares of navigation, like Vineyard Sound. The work is necessarily prosecuted at points on the coast, but it cares for sailor boys who have come from every state in the Union.

During the past year five naval recruiting parties have covered a large part of our country with their operations, and have enlisted young men for sea service from states as far west as Colorado. To these lads, separated from the influences of home, church and Sunday school, our bethels and reading-rooms, with their varied entertainments, furnish a safe and cheerful resort.

The work is not only for sailors from every part of our land, but for men of every race and nation. These men are followed by correspondence to all parts of the world; so that while this work has its centers upon our coasts, its circumference includes all seas and shores where sailors are found.

*Methods.* — The work is not simply preaching to sailors, but a ministry to all the wants of seamen. Good reading is supplied to men remote from books and news stands. Entertainments, concerts and sailors' suppers are given for the social side of the sailor's life; the earnings of men are received and placed on deposit, with interest; invalids in naval or marine hospitals are visited with cheer and comfort. The temperance pledge plays an important part, a dozen or more sailors often signing at a time. Power launches are maintained to minister to the wants of Jack afloat as well as ashore. Attractive singing is provided not only in our bethels, but at the navy yard and in hospitals, and sailors afloat are regaled with gospel songs that touch the heart, sung by young people on board a launch. Food, clothing and shelter are supplied to men shipwrecked and destitute at all seasons, especially in the rigors of winter. Large numbers of these unfortunates have been cared for during the last winter.

All this is additional to the regular evangelistic work of the Society, which is unsurpassed in its way.

But the most noteworthy results of the work are of that intangible kind affecting the heart and life, which cannot be tabulated. In our Sailors' Rest and Chapel, 287 Hanover St., Boston, there are religious meetings Wednesday, Friday and Sunday evenings, and from the middle of November to May there was hardly a meeting without requests for prayer. At one meeting sixteen men rose for prayer. At our Vineyard Haven Bethel there are conversions every month, nearly every week in the year, and our Chaplain has a list of about five hundred men who have asked for prayer and with most of whom he is in correspondence. The spiritual value of the work accomplished is beyond all estimate.

*Results.* — Many men have been led to save their earnings, an aggregate of thousands of dollars. Hundreds of men have been helped and befriended in time of dire distress. Many thousands have had a cheery and homelike place of resort in reading rooms, fitted up with games as well as with books and magazines.

*Needs.* — The Society needs an annual donation from every church, Sunday school and Endeavor Society. It greatly needs at this time special gifts from favored donors, amounting to at least \$12,000, to make changes and improvements in our Boston bethel by which two thirds of that fine building will be available for bethel work instead of one third, as at present. It needs to have its revenues supplemented by an occasional bequest from generous patrons whose living gifts fail us. It needs the sympathy and prayers of all who care for the sailor and have any sense of the great debt we owe to him.

## FORM OF BEQUEST.

I give and bequeath to the Boston Seaman's Friend Society the sum of \$..... to be applied to the charitable uses and purposes of said Society.

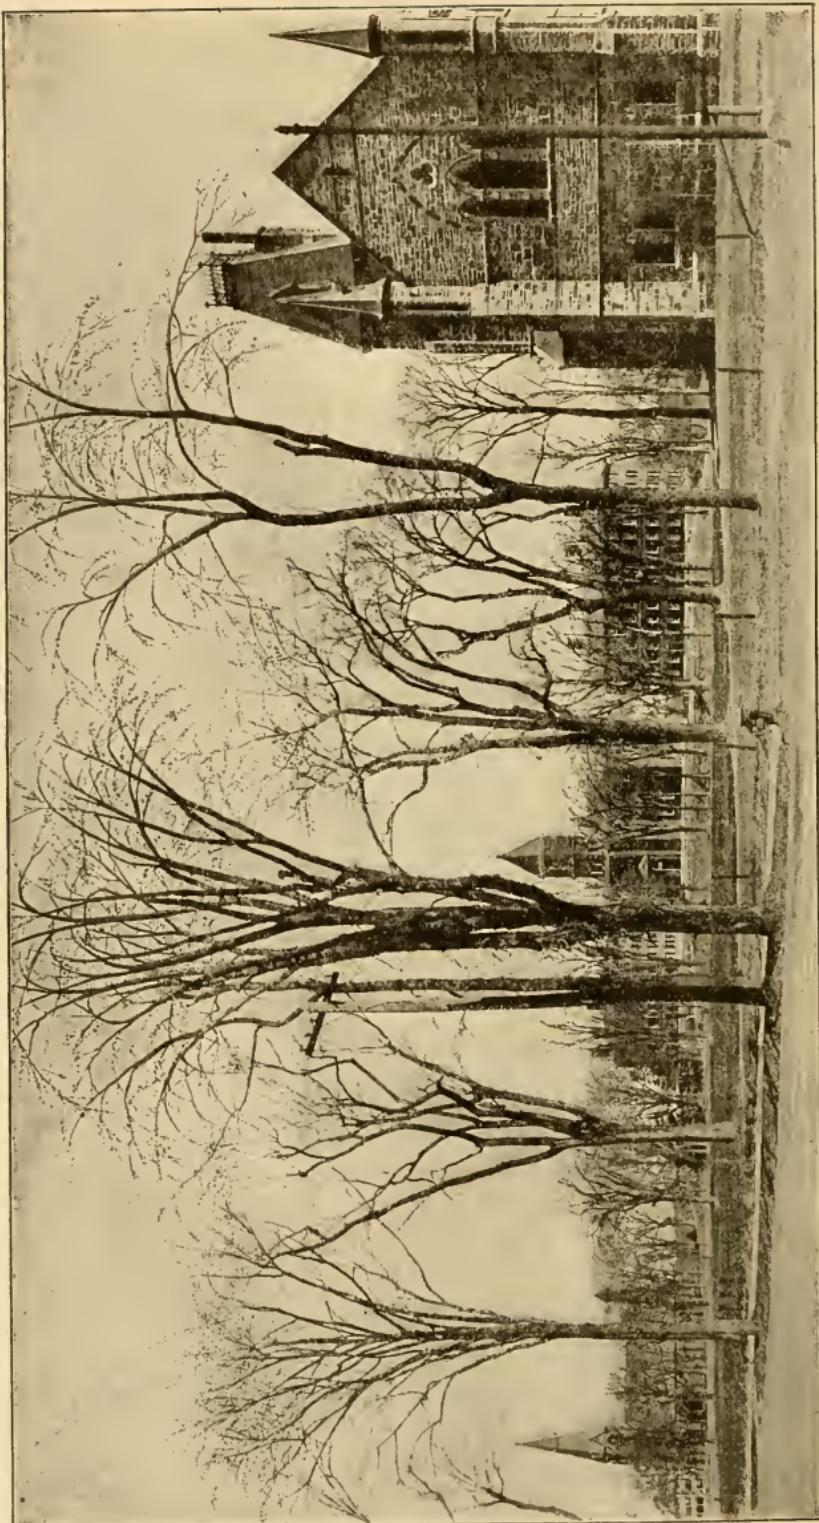

The Corresponding Secretary will gladly visit churches, Sunday schools and societies to acquaint them with the methods and results of this most interesting work.

**CALENDAR.** — The next seminary year begins on Wednesday, Sept. 19, 1906, and ends June 13, 1907, with a recess from Dec. 19 to Jan. 2.

**ADMISSION.** — Students are admitted upon presentation of certificates of membership in some Christian church, and of graduation at a college or university, with personal testimonials from former instructors or pastors. Applicants who are not graduates are sometimes received as special students; but can only qualify for the regular course after meritorious work and examination.

**COURSE OF STUDY.** — The aim of the course is to prepare men thoroughly for the practical work of the ministry. The fundamental studies in the Old and New Testaments, the History of the Church, the System of Christian Truth, and the Work of the Preacher and Pastor, are prescribed; numerous elective courses enable students to pursue some of these subjects farther, or to take up others subsidiary to the main topics of instruction. The Hyde and Southworth Lectures provide expert instruction in missions and polity. To give students an actual acquaintance with the work of their calling and some experience in it, they are, as far as possible, associated individually with pastors of churches in Boston and vicinity whom they assist in various ways and from whom they receive personal counsel and guidance.

**DEGREE.** — The degree of Bachelor of Divinity is conferred upon students who satisfactorily complete the three years' course of study; it is required that the recipient hold a college degree.

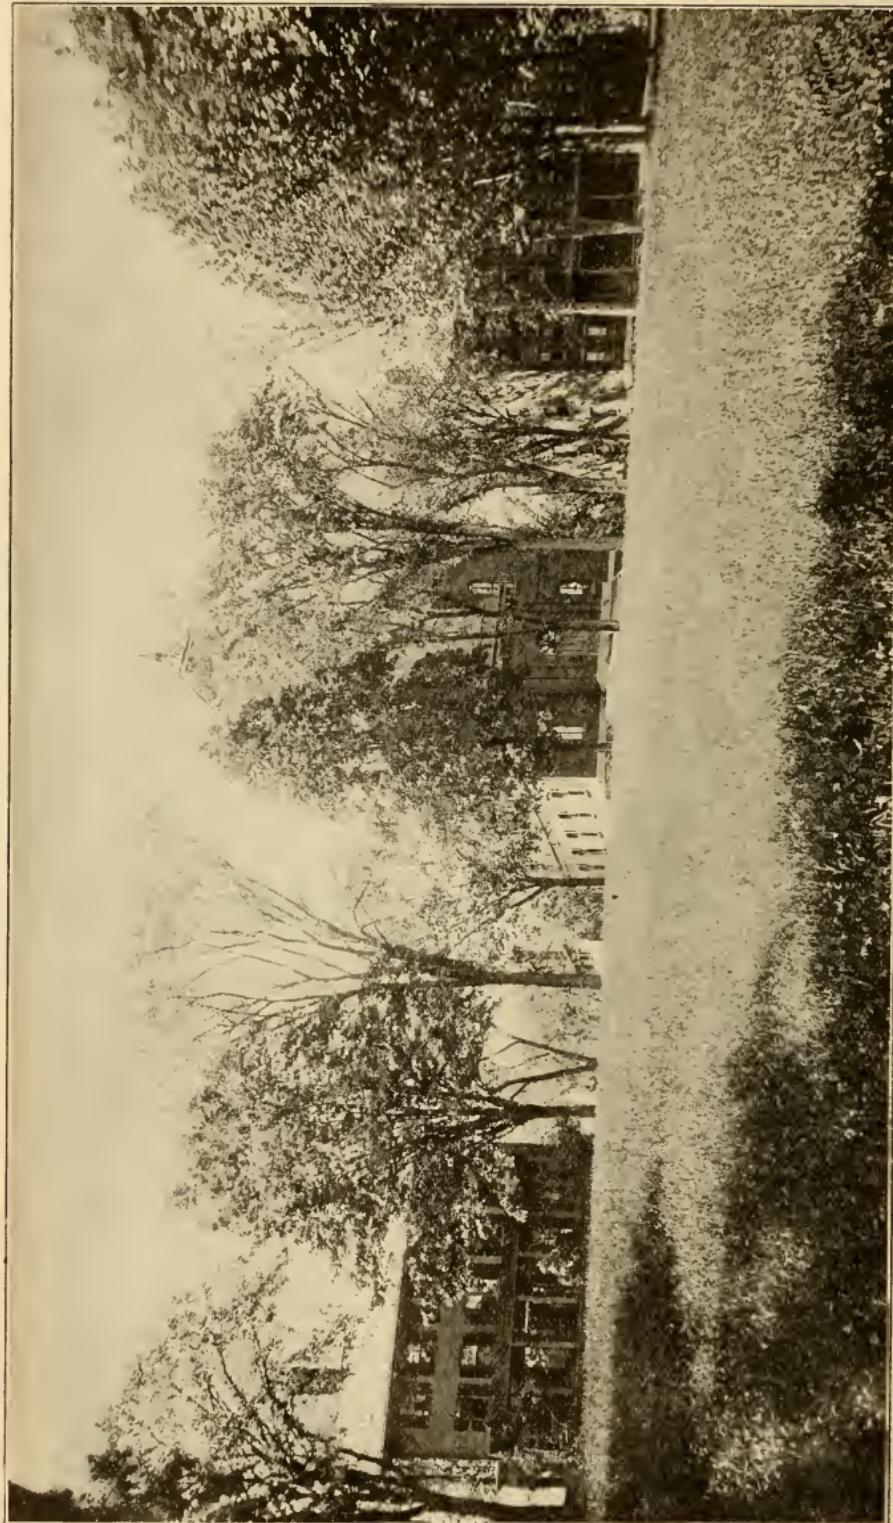

**GRADUATE STUDENTS.** — Graduates in Theology pursue advanced studies and researches under the personal direction of the professors, and are admitted to such courses of lectures as they may elect.

**LIBRARY AND MUSEUM.** — The library contains over 56,000 volumes. A reading room with a large and carefully selected reference library is accessible to students at all hours. The museums contain the John Phelps Taylor Palestinian Collection, the Newton Cabinet, the Fiske Missionary Collection, and other objects of interest.

**LOCATION.** — Andover is twenty-three miles from Boston, and is reached by the Western Division of the Boston & Maine Railroad in thirty-five to forty minutes.

For catalogues or further information address the President of the Faculty.

BANGOR SEMINARY is open to Christians of every denomination. In harmony with its origin and history, its sole purpose is to train men to become preachers, pastors, and teachers. Everything bends to this one aim. Besides the usual advantages of a Divinity School, in adapting itself to the varying condition of its environment and its men, it has come to be marked by certain distinguishing features

While it makes provision for the best equipped college men by maintaining the high standards of instruction which characterize modern education, yet, by not necessarily requiring for admission either a college diploma or acquaintance with any foreign tongue, it opens a door to many who have had only limited educational opportunities, or who are belated in beginning ministerial preparation, but who prove earnest and successful students, and become able and fruitful ministers.

On the Bond Foundation, and by other provision, it does certain work in the natural sciences and in other supplemental directions. By these means the students are brought close to nature and to real life.

By intimate friendly relations of teachers and pupils, by free class-room methods, and by constant supervision of individual student research, it seeks to retain the merit of the old-time system of private instruction and example in ministerial preparation, together with the thorough scientific temper which characterizes the intellectual work of to-day.

Special attention is called to the instruction here provided in Biblical Study from the point of view of Comparative Literature; in New Testament Greek; in General History, the Philosophy of History, and Comparative Religion, in connection with Church History; in Psychology and Ethics; and in English Literature.

The degree of B.D. is conferred on those graduates whose attainments justify it.

**EXPENSES AND AID.** — There is no charge for tuition, rooms, furniture, library, gymnasium, or any privilege of the Seminary. The rooms of the dormitory are partly furnished. Board is about three dollars per week. The income of the Washburn and other funds amounts to about half the cost of board, and is given to those whose circumstances require it. Other funds are also available. From a fund small loans are made for temporary convenience of students. The extremely low cost of living at this Seminary brings the advantages here offered within the reach of those whose resources are the smallest, without loss of self-respect.

**FIELD SCHOLARSHIPS.** — Three Field scholarships are offered, one of \$50, to aid any student who remains to take a fourth year after graduating, and two of \$90 each at Bowdoin College, to assist students who, having graduated at the Seminary, are admitted to the College for further study.

**PREACHING.** — Students are encouraged to exercise their gifts in holding meetings and in preaching, it being provided that the prescribed exercises of the Seminary are not neglected. Facilities for such service are afforded in the missionary fields within reach of the Seminary.

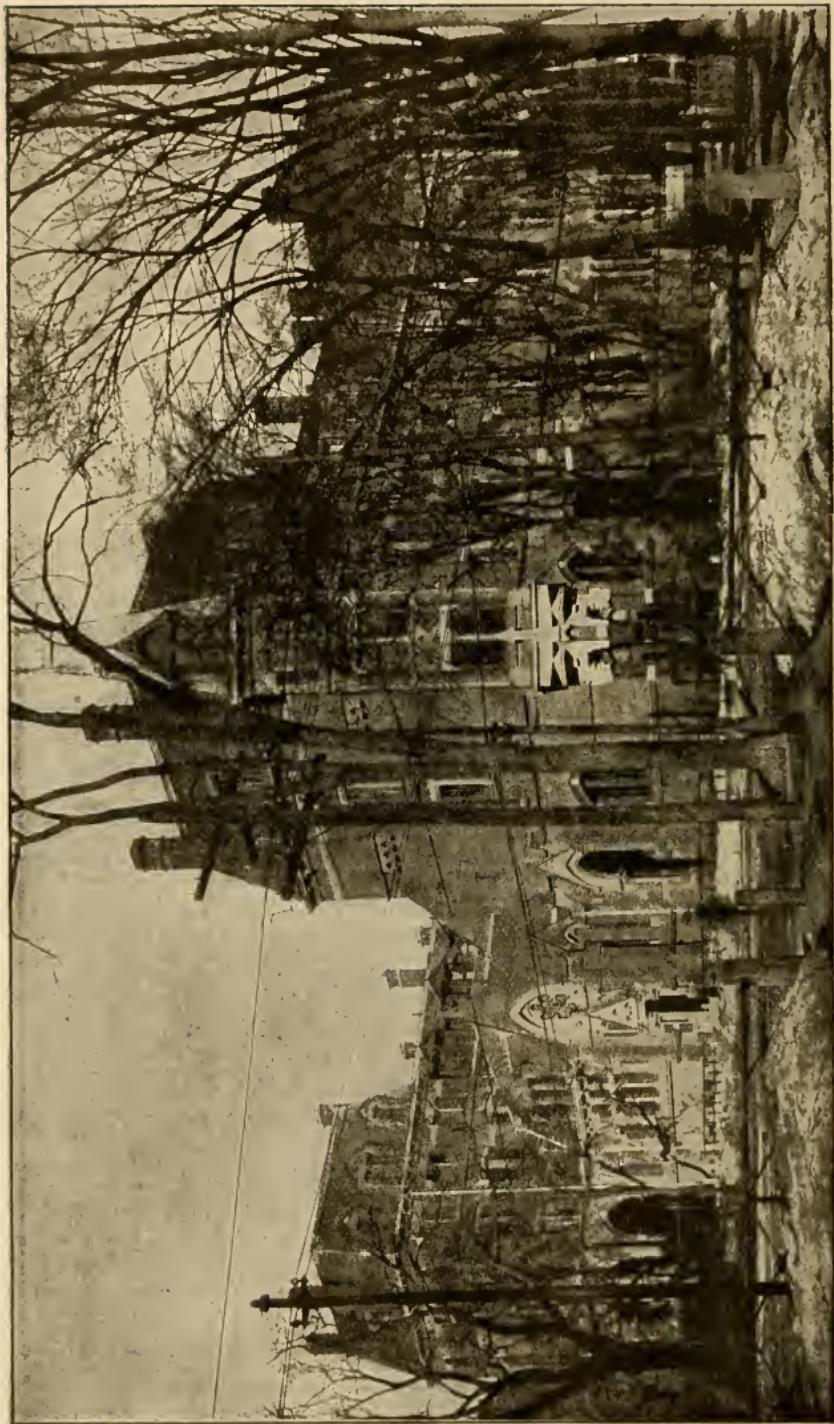

**LIBRARY.** — The library contains more than twenty-five thousand volumes.

**GYMNASIUM.** — The gymnasium is provided with suitable apparatus, and special instruction is given four days in the week.

Anniversary occurs Wednesday, June 6, 1906. The next seminary year opens Thursday, Sept. 27, 1906.

Requests for catalogues, letters of inquiry, or applications for admission should be addressed to the Corresponding Secretary, Prof. WARREN J. MOULTON.

Rev. EDWARD MORTIMER CHAPMAN, B.D., Alumni Lecturer.

**RELATION TO THE UNIVERSITY.** — The Divinity School is one of the co-ordinate Departments of Yale University; its students enjoy all the general advantages of a university residence and receive from the Corporation, on completing their three-years' course, the degree of B.D., and are enrolled among the alumni of the University.

**COURSES OF STUDY.** — The studies are of two classes, prescribed and elective. The prescribed studies, given by the Faculty, cover about two thirds of the required work of the three years; the elective studies may be made up from Divinity courses or from courses given in the University. Students at the close of the second year of study have the option of continuing as candidates for the degree of B.D., or of becoming, by enrolment in the Graduate School, candidates for the degree of PH.D. (requiring two more years of resident study).

**GRADUATE OR FOURTH-YEAR CLASS.** — Students of approved scholarship who have completed a three-years' course of theological study, here or elsewhere, are admitted to the Graduate Class, in which advanced studies in Theology are pursued under the direction of the professors. Scholarship aid, to a limited amount, will, at the discretion of the Faculty, be given to men of superior scholarship. Members of this class may become candidates for the degree of M.A., or for that of PH.D., by enrolment in the Graduate Department of the University.

The school has two GRADUATE FELLOWSHIPS for the encouragement of further theological study in this country or abroad, the income of which is \$500 and \$1,200, in alternate years.

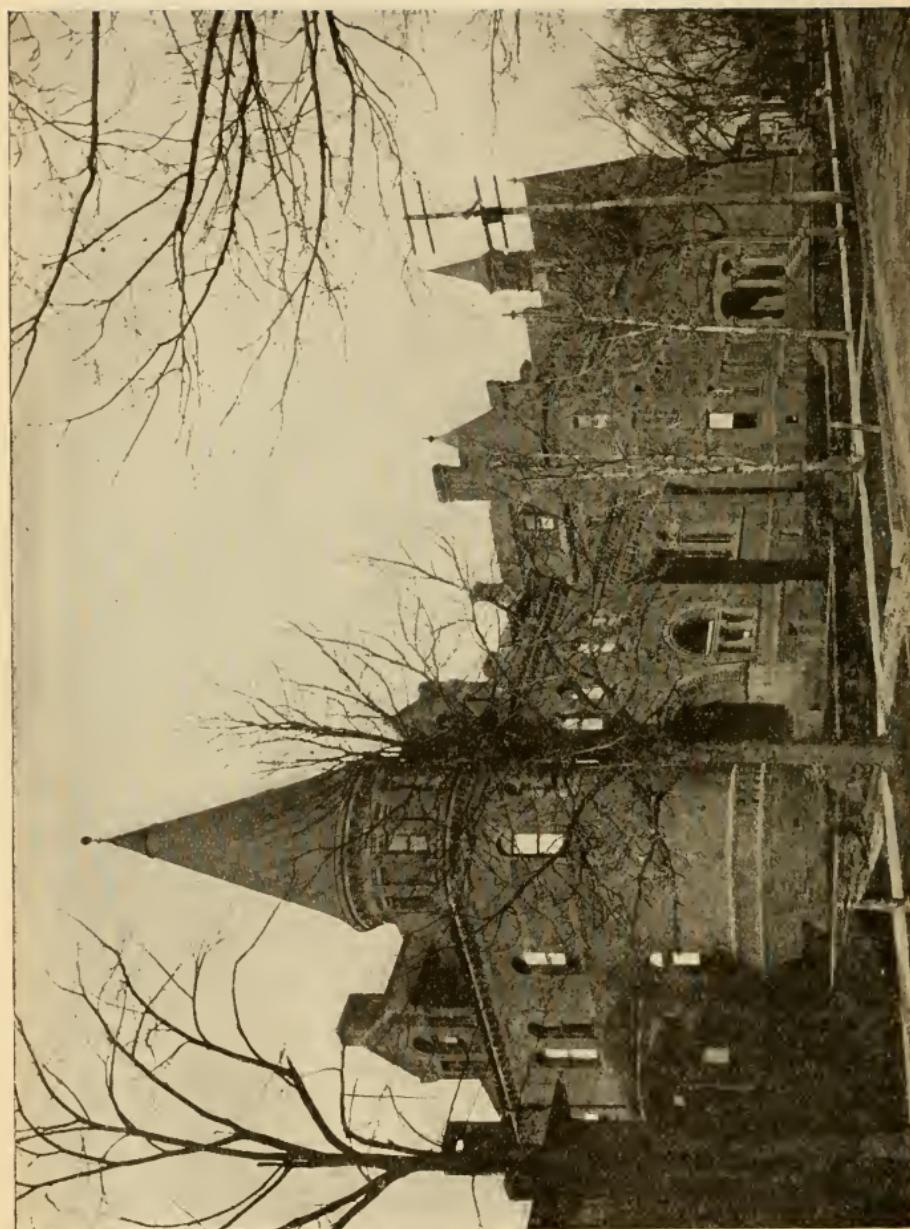

**EXPENSES.** — The charge for the care and heating of each room is, approximately, \$40 per annum. Board costs from \$3.00 to \$5.00 per week. The necessary expenses of a student for the school year of thirty-four weeks, exclusive of clothing and personal expenses, range from \$168 to \$245.

**OPPORTUNITIES FOR SELF-HELP.** — Scholarship aid is now considered not as a gift, but as a means of livelihood obtained by a definite amount of religious work, under competent supervision. The scholarship funds of the school are used to create opportunities for employment in New Haven and vicinity, through which the students may receive training in pastoral work. The average amount of time spent is six hours per week, for which the remuneration is \$100. Further opportunities for self-help, if needed, may be obtained through the Director of Religious Work. Prize scholarships of \$100 and \$50 are also offered to students of exceptional rank in scholarship.

**TERM OF STUDY.** — The next year will begin on Thursday, Sept. 27, 1906.

**APPLICATION FOR ADMISSION.** — The conditions of admission are membership in some evangelical church, and a liberal education at some college or university. Catalogues and forms of application for admission may be obtained by addressing the Secretary, Prof. GEORGE B. STEVENS, Yale Station, New Haven, Conn.

THE SEMINARY aims (1) to develop a vigorous spiritual life as the only sound basis for scholarship and service, (2) to train in scientific methods of exegetical and historical research, (3) to discover the truth of God as revealed in the Scriptures, and the leading of his Spirit in history, and to apply that truth in the realms of thought and endeavor, so as to meet the present needs of the world and promote the spread of his Kingdom.

THE CURRICULUM is arranged in accordance with a system of Grouped Electives. It is thereby adjusted to the needs of students wishing either a balanced course, or one rather closely specialized. It is also fitted to University students prepared to acquire advanced standing.

THE MISSIONS COURSE, on the Lamson Foundation, provides opportunity for thorough Mission study.

THE HARTFORD SCHOOL OF RELIGIOUS PEDAGOGY, affiliated with the Seminary, supplies an invaluable supplement to the instruction in this department.

GRADUATE STUDY is strongly encouraged. The degrees of S.T.M. and PH.D. are given under carefully defined conditions. Two fellowships are offered in the undergraduate department, each for two years of foreign study. One fellowship, yielding \$1,000, is offered in post-graduate work.

THE APPARATUS includes a rapidly increasing library of 85,000 volumes (excluding duplicates), museum, reading-room, gymnasium, music-room, etc.

TERMS OF ADMISSION.—Candidates for admission must be members of some Christian church and graduates of some college. Those who are not college graduates, may, after examination, be admitted on probation during the first term. All courses are open to women on the same terms as to men.

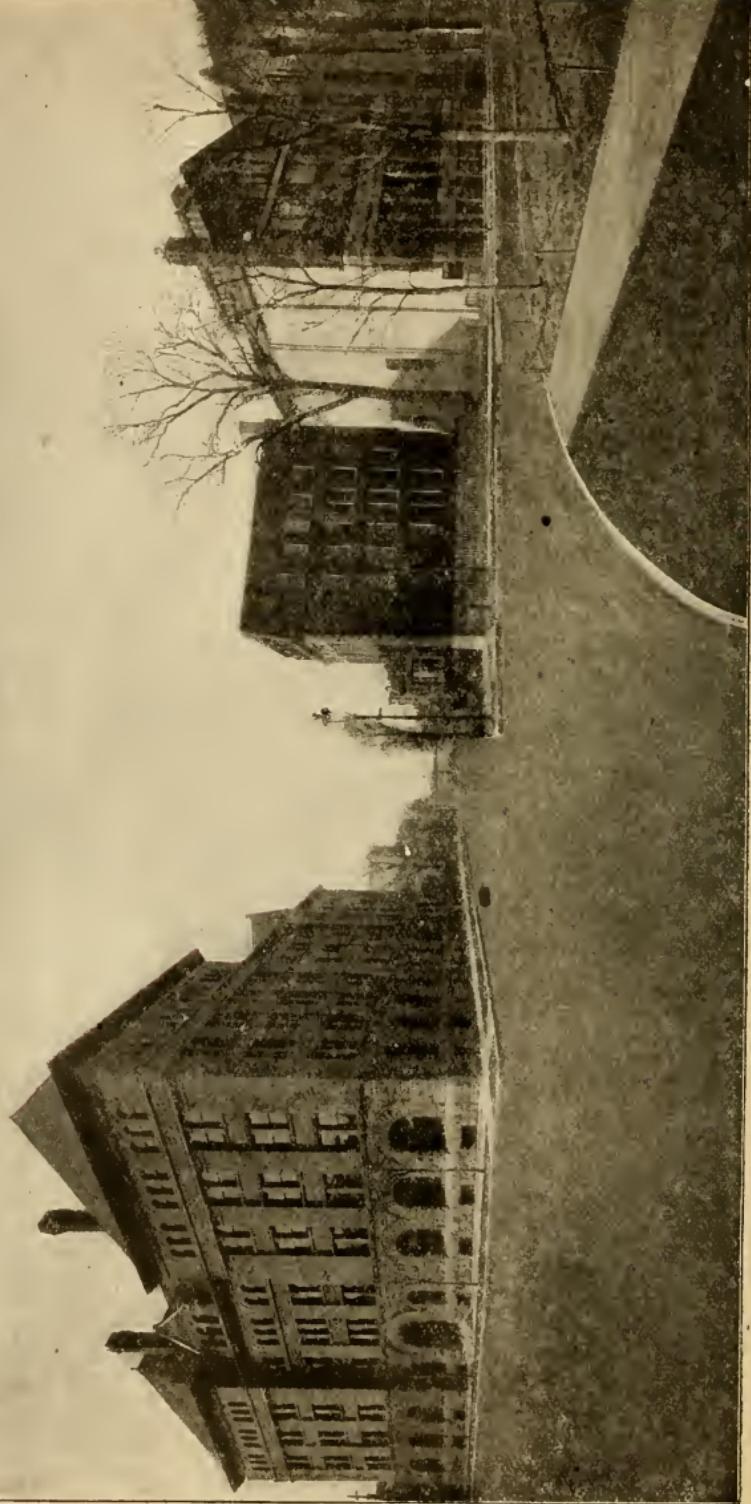

EXPENSES.—No charge is made for tuition, rooms, furniture, and bedding, except a nominal fee of \$25 for use of steam and for supervision. Board is provided under the care of the Students' Association, at about \$4.00 per week.

Scholarship aid is provided for those needing it, in addition to the grant from the Education Society.

CALENDAR.—The seventy-third year begins Sept. 26, 1906, and closes May 29, 1907.

## OBERLIN THEOLOGICAL SEMINARY.

OBERLIN, OHIO.

Opened for service in 1835.

## FACULTY.

HENRY C. KING, D.D., President, Finney Professor of Theology.

EDWARD I. BOSWORTH, D.D., Dean, Professor of the New Testament Language and Literature.

G. FREDERICK WRIGHT, D.D., LL.D., Professor of the Harmony of Science and Revelation.

ALBERT H. CURRIER, D.D., Holbrook Professor of Sacred Rhetoric and Practical Theology.

ALBERT T. SWING, D.D., Professor of Church History.

KEMPER FULLERTON, A.M., Secretary and Registrar, Professor of the Old Testament Language and Literature.

LOUIS F. MISKOVSKY, A.M., Principal of the Slavic Department, and Professor of the Bohemian Language.

WILLIAM G. CASKEY, A.M., Professor of Elocution.

ALBERT B. WOLFE, PH.D., Associate Professor of Sociology in Oberlin College.

THE SEMINARY is open to students of all denominations. It has a full corps of professors of its own and offers its students all the work essential to a theological training. In addition, students are admitted to the college classes without charge.

Applicants for admission must present college diplomas. Upon graduation, the academic degree of Bachelor of Divinity is conferred.

The minimum requirement for all candidates for a degree is 1,440 hours of lectures and recitations. The most essential courses of each department are required; this work amounts to 764 hours. Hebrew being elective, the required amount of work in the Old Testament department may be done either in Hebrew Exegesis or in Introduction and Biblical Theology. In addition to the required work, a large number of elective courses is offered, aggregating 1,640 hours, from which each student elects at least 676 hours. These courses cover a large range of more advanced work in the several departments.

There are in the ministry many who have not received adequate training for it and who soon discover their need of theological study. The reasonable requirements for admission to the regular courses of theology place such training beyond the reach of many men of this class. In the interest of a better educated ministry the Seminary offers its advantages to a limited number of ordained ministers who have already held a pastorate, and who wish to enter upon theological studies for not less than a full year. They may enter such courses as they are prepared to pursue with profit, and will be given certificates for all work completed.

**SLAVIC DEPARTMENT.** — The object of this department is to train up pastors for the Slavic immigrants to this country. Thorough instruction is given in the Bohemian language. The course of study varies to suit the needs of individuals, and culminates in the regular theological course.

SPEAR LIBRARY contains about 107,000 volumes.

**EXPENSES.** — Council Hall, the Seminary building, has fully furnished rooms with hot-water heat for fifty students. Those rooming here pay a moderate incidental fee, varying according to location of room. Other students pay a fee of \$6. Aside from this fee there is no charge made by the Seminary. The price of board in Oberlin is from \$2.00 to \$3.00 a week. Other expenses are correspondingly low.

**PECUNIARY AID** is granted to those who need it, from the Congregational Education Society, and from Seminary scholarship funds. The amount ordinarily received from the Education Society has not been less than \$50. The Seminary funds are awarded for excellence in scholarship in the form of merit scholarships varying in amount from \$50 to \$100 each year, and in the form of remuneration for country and city mission work which is abundant in the vicinity. There is also a loan fund. There has generally been abundant opportunity for work in Home Missionary fields and elsewhere during the summer vacation of four months, and occasional preaching for remuneration is possible during term time.

The year of study consists of thirty-two weeks in two semesters. The next year begins Wednesday, Sept. 19, 1906. For further information address Dean EDWARD I. BOSWORTH.

Opened for service, 1869; established at Berkeley, 1901.

## FACULTY.

CHARLES SUMNER NASH, M.A., D.D., Professor of Homiletics and Pastoral Theology, and Secretary of the Faculty.

WILLIAM FREDERIC BADE, B.D., PH.D., Professor of Old Testament Literature and Semitic Languages.

ARLEY BARTHLOW SHOW, A.M., Professor Mediæval History, Stanford University, Lecturer in Church History, 1906-1907.

GEORGE TOLOVER TOLSON, M.A., B.D., Acting Librarian.

The Faculty is further strengthened by co-operation with Dean HIRAM VAN KIRK, B.D., PH.D., of the Berkeley Bible Seminary, Pres. CLAIBORNE MILTON HILL, D.D., of the Pacific Baptist Divinity School, and Dean EARL MORSE WILBUR, A.M., PH.D., of the Unitarian Divinity School.

Also, from the University of California, GEORGE HOLMES HOWISON, A.M., LL.D., Professor of Intellectual and Moral Philosophy; CHARLES MILLS GAYLEY, LITT.D., LL.D., Professor of the English Language and Literature; CORNELIUS B. BRADLEY, A.M., Professor of Rhetoric; ELMER ELLSWORTH BROWN, PH.D., Professor of the Theory and Practice of Education; JOHN FRYER, LL.D., Professor of Oriental Languages and Literatures; THOMAS RUTHERFORD BACON, A.B., B.D., Professor of Modern European History; WILLIAM POPPER, PH.D., Associate Professor of Semitic Languages and Literatures; CHAS. RIEBER, PH.D., Associate Professor of Philosophy, and ERNEST CARROLL MOORE, LL.B., PH.D., Assistant Professor of Education.

The Seminary is located at Berkeley, the seat of the University of California. It is thus enabled to avail itself freely of the advantages of this University, among the foremost in the United States, all of its courses being open to the Seminary students. Courses by the nine professors of the University named above have been incorporated in the Seminary curriculum, these men forming, to all intents and purposes, an associate faculty. The Library of the University (over 150,000 volumes) and the special library of the Seminary (10,000 volumes) afford large opportunities for special study. Preparation in the languages of China and Japan can be had in the Oriental Department of the University, or in medicine in the Medical School. The climate is remarkably even, constantly cool, stimulating, and favorable for study during the entire year, knowing nothing of debilitating spring changes or prostrating summer heats.

The main purpose is to train men for the practical ministry, especially the Congregational ministry. The usual courses in Exegetical, Historical, Systematic, and Practical Theology are provided. The prescribed courses, about two thirds of the whole, are arranged to cover the fundamental parts of all departments. For the rest the student, so far as prepared, is allowed to choose freely among electives covering all recognized branches. Eighty units of credit are the required minimum for graduation, a unit representing one class-room exercise a week for a half year. Hebrew is not required (Greek is) for the degree of B.D., but unusual facilities are furnished for acquiring it. The University of California has established an excellent course in modern charities.

THE SUMMER SCHOOL OF THEOLOGY, conducted in connection with the Summer School of the University, for the last two years with great success, will be held again this year. Four other theological seminaries have agreed to co-operate.

THE SEMINARY is open to students of every Christian denomination, to women as well as to men. A college diploma, or in lack of that, evidence of literary and scientific attainments equivalent to an A.B. degree, is required for admission to regular standing as a candidate for the B.D. degree. Advanced courses are provided for graduate students. Special students may be received, as in the University, to such studies as they are qualified to pursue.

Regarding expenses and pecuniary aid and for further information, address President McLean.

THE NEXT YEAR BEGINS Aug. 14, 1906.

## ATLANTA THEOLOGICAL SEMINARY,

ATLANTA, GEORGIA.

Opened for instruction, 1901.

## FACULTY.

**E. LYMAN HOOD, M.A., PH.D.**, President, and Professor of Church History.**SAMUEL W. HOWLAND, A.M., D.D.**, Professor New Testament Greek and Systematic Theology.**ALVAN F. SHERRILL, D.D.**, Professor Homiletics and Pastoral Theology.**FRANK E. JENKINS, D.D.**, Lecturer on Polity.**ALEXANDER T. SCOGGIN, B.D.**, Instructor in Rhetoric.

The Seminary aims, (1) to develop the practical side of the religious life, and thus produce an evangelistic and spiritual ministry; (2) to give the student an insight into modern methods of interpretation, but so as to produce a constructive scholarship; (3) to find God and the Holy Spirit in history and the Church; to see Christ in the lowliest forms of philanthropic endeavor; and thus preach a Gospel for the whole life. The Seminary aims to enable the student to have definite convictions and yet a mind open to the advances of scholarship.

The courses of instruction are arranged to meet the needs of the Southern field. The Classical theological course embraces three years of study. At its completion, the degree of **B.D.** is given. Candidates entering upon this course must have a college course or its equivalent. The English theological course is designed to meet the needs of a great many pastors who are desirous of entering upon a course of study, but who are too advanced in age to take the regular college preparatory requirements. In such cases the course embraces three years of study besides the regular English preparatory studies. The third course is the Correspondence. It is designed to meet the needs of pastors who have never had school privileges, and who are so situated that they cannot leave their work to attend the Seminary for a regular course. In such cases the books are sent to the student, lessons are assigned, and examinations are given.

**TERMS OF ADMISSION.**— Candidates for admission must be members of some evangelical church. Courses are opened to students of either sex.

**EXPENSES.**— No charge is made for tuition or room rent. Board can be obtained for \$1.50 and upward per week. A limited amount of student aid is given to worthy men. All active young men can find employment in the city that will enable them to completely pay all expenses. The Seminary aids the young men, as soon as they are able, to secure preaching places, of which there are many near the city. Practical work in connection with the prosecution of studies is urged. Preaching and Social Settlement work will enable the student to get a clear idea of some of the phases of work which are to be his. Thus we shall give to the churches men with a practical as well as a theoretical knowledge.

For information address the President.

\* A dash in the column of colleges implies that the student has never been connected with any college; the name of a college followed by a dash in place of year implies that the student was connected with that college, but did not complete the course. A list of the colleges and universities may be found at the end of this list.

† "Sen." means Senior. "Mid." Middle. "Jun." Junior. "Spec." means Special Course. "Grad." means Graduate Class. "D. N." "Ger." "Slav." and "Sw." mean *Dano-Norwegian*, *German*, *Slavic* and *Swedish* Departments, in Chicago and Oberlin.

**CHURCHES AND MINISTERS.**

## ANNUAL STATISTICS OF THE CHURCHES AND MINISTERS.

THE following pages contain the statistics as collected in 1904 by the statistical secretaries of the several State organizations, and compiled for this publication by the secretary of the National Council, under vote of the publishing committee. They are all of date Jan. 1, 1904, except that ministerial supply is, as far as possible, brought down to date.

The secretary, as heretofore, in no case presumes to insert or omit the name of church or minister on any authority but that of the State secretaries representing their own organizations, or of councils subsequent to the date of annual reports.

The contents of the statistics are as follows:

1. The statistics of the churches and their ministers, by States.
2. Statistics of Sunday schools, independent and missionary.
3. List of Congregational ministers in foreign lands.
4. The National, State, and local organizations of the churches, with officers, and dates of next sessions in 1905-1906.
5. General summary tables for the year.
6. Tables of summaries, 1858-1904.
7. Tables based upon the statistics.
8. Alphabetical list of ministers, with P. O. address, and indexed to pages.
9. Alphabetical list of licentiates.
10. List of ministers of other denominations supplying Congregational churches.

### RULES OF COMPILATION.

1. To arrange in alphabetical order everything capable of it; except that the churches in any one town or city arranged, as they should be, under the name of that town or city, are placed according to age.

2. To make *new tables* each year. "Last year's report" (if known to be such) is always omitted. But, while old reports are not to be inserted in the table, the aggregate of such last reports from churches failing to report, in the items of church and Sunday-school membership, are included in the summaries. Justice to the churches which do report requires this, as their real progress may be apparently diminished or reversed, by lack of the figures from their less faithful neighbors. The special attention of State secretaries is called to this point, as it has often been disregarded. The list of churches of this year is compared, name by name, with that of last year, and all variations which change the place of the church on the list are specifically mentioned with the State summary, so that each church can be traced from year to year.

3. To examine carefully all the tables, with a view to *correction or addition* by correspondence, especially to correct "pastoral supply" to the latest moment. Proof sheets have been sent to secretaries and some home-missionary superintendents who could be reached in season. But no such changes have been allowed to affect the summaries.

4. The prime name in a table line is always supposed to be the name of the *place*, town or city, in which the church is located, as determined by the place of the meeting-house. This is also the name of its post-office, unless followed in line or margin by a name in **heavy-faced** type. In such cases the latter is the post-office, and **THIS EMPHATIC TYPE IN LINE OR MARGIN**, is USED EXCLUSIVELY FOR NAMES OF POST-OFFICES. If this postal word is an adjective, it goes with the preceding name, *e.g.*, "Newton **West**"; if itself a name, it supersedes the other, as "Newton, **Auburndale**." Postal designations are not repeated on the second page, and special church names are sometimes given in the second page line, for which there was

not room in the first. In general, the two pages, being invariably opposite, are treated as one, and marginal references on the second page are made to foot-notes on the first, without repetition when they occur there.

#### MINOR EXPLANATIONS.

1. Any church given in brackets is one organized since January 1; not included in the summary, but inserted for information. A few churches temporarily not associated are inserted by their own wish. A star (\*) denotes churches not associated.

2. Pastors installed or recognized by council are marked "*p. c.*"; pastors duly called by their churches and recognized by some "definite act of the church," but not by council, are marked "*p.*"; others in service are not marked, but in tabular summaries are counted as "supplies." Blanks in the column of pastoral supply, meaning *no* regularly engaged minister, are left blank for the convenience of those who note pastoral changes.

3. The tables are *not a postal guide to the addresses of ministers*, and any person so using them runs his own risk of error. The General Alphabetical List of Ministers gives their post-offices. Special attention is called to this fact, which is often overlooked.

4. The two columns following the names of ministers in the tables of churches denote (1) the year of ordination, (2) the year when the minister was installed, or commenced service with that church.

5. A star (\*) in the General Alphabetical List of Ministers denotes that the person so designated appears in the tables, reported by some church, as its minister, but is not reported to be a member of *any* association or conference of ministers or churches in the United States; or that he is found supplying some church, or did so as pastor by council last year and may be presumed to be *in transitu*, though his name is not in the State alphabetical list.

6. Licentiates are not reckoned as ministers. Churches supplied by such are so considered and not included in list of vacant churches. When churches are supplied by ministers of other denominations it is so stated, and they appear under the head "Supplies." Churches actually vacant are found in column marked "vacant." The names of licentiates and ministers of other denominations will be found, not in the Alphabetical List of Ministers of Congregational Churches, but in lists following the regular list of Congregational ministers. The General Alphabetical List includes *only* Congregational ministers.

7. The names of some Congregational ministers are missing; but it is solely because they are not reported by any organization of churches or ministers.

8. Under "Church Members," "Absent" are included in "Males," "Females," and "Total." Under the head of "Removed," "Died," "Letter," and "Discipline" are represented by the abbreviations. It should be borne in mind that in the tables, Discipline includes Roll-revision. In the General Summaries the term "Revision" is used, and includes Discipline.

9. Blanks in any column of figures are such as were so left in the State Minutes. They ought always to signify "no report," but some States do not follow the proper rule of inserting a cipher where "none" is meant, and the examiner must conjecture, in any given case, whether "none" or "no report" is intended. In our General Summaries, a blank invariably signifies "no report."

Students of this table should remember that 1887 was a transition year. The report for all New England, except Maine, two years are included, and the years to bring them down to the common date, Jan. 1, as ordered by the Council. Hence the totals reported need to be reduced by two-fifths for just comparison with other years. This would average for the whole country 12,723 in Sunday schools, 17,822, and infant baptisms, 7,176.

## LIST OF CONGREGATIONAL MINISTERS IN THE UNITED STATES.

REPORTED BY THE SEVERAL STATE ORGANIZATIONS.

The following is a compilation of the alphabetical lists furnished by the State Associations and Conferences, corrected by correspondence with their secretaries to the latest possible date. The secretary of the Council in no case presumes to insert or omit a name upon his own responsibility. The State organizations (or later councils) are alone responsible; but the secretary has used his utmost endeavors to obtain a complete and correct list. If any names are omitted, it is because they are not reported by any organization in any State, or a conflict of reports leaves the editor in doubt of the facts.

The figures refer to pages where the name will be found in the tables, in the Vital Statistics, in the service of the Benevolent Societies, of the Theological Seminaries, in the list of foreign missionaries. In some cases the page is left as in tables, when the post-office is changed since the tables were put to press.

Names starred (\*) are of persons who, although mentioned (usually as supplying churches), are not reported as members of any organization of Congregational churches or ministers. A few names are also retained with a \* of those who were in active service last year, and may be presumed to be *in transitu*. Such names are not continued a second year, without specific report.

Some post-office addresses are antiquated, but the best possible has been done.

Licentiates are not included in this list, but a list of licentiates follows this, and a list of ministers of other denominations, including also names of those whose position is not reported.

Names of persons in last year's list, deceased since the issue of 1905, are retained, and are indexed to the pages of the "Vital Statistics" when found there.

Some errors will be found in first names, initials, and spelling. No pains have been spared to secure accuracy; but, effort failing, the compiler has not ventured to follow even his own convictions, against the unmistakable testimony of the reports.

Names of ministers without pastoral charge, as they do not occur in the preceding tables, have no numeral page reference, and in place of it the year of ordination is given.

Names of persons variously employed are indicated by *Ch.*, chaplain; *Ed.*, editor; *Ev.*, evangelist; *My.*, missionary; *Pf.*, professor; *Pn.*, principal; *Pr.*, president; *Sec.*, secretary; *St.*, superintendent; *T.*, teacher.

## LIST OF LICENTIATES REPORTED.

THIS list contains the names of those apparently *reported as under care*, with references to the pages where any such are mentioned as supplying churches. It includes also some names starred (\*), which denotes that these persons, while reported as supplying churches, are not reported to be approbated by, or under the care of, any Congregational organization.

Further. 1. This list does not agree with the number given in State Minutes, because all ordained since the lists were reported are here dropped. 2. The post-office addresses are often delusive, the place being that of temporary service only. 3. Names followed by State only are of persons approved in the State mentioned, no residence being reported. 4. The list is incomplete, because some States make no full report of licentiates. 5. The contracted name of a State in brackets means that the name was reported by that State, although the person may reside elsewhere.
